

ICMSR 2019

Singapore|May. 3-5

ICMSR2018 proceedings has been indexed by **EI compendex** and **Scopus**.

GUIDE

2019 IEEE the 5th International Conference on Mechatronics System and Robots will be held in "Lion City" of Singapore during May 3-5, 2019. It is mainly organized by International Academy of Computing Technology (IACT), which is to foster and conduct collaborative interdisciplinary research in state-of-the-art methodologies and technologies within its areas of expertise.

CALL FOR PAPER

MECHATRONICS SYSTEM :

- Precision Manufacturing & Measurement
- Mechanical Power Engineering
- Material Engineering
- Flexible Manufacturing Technology & System
- Computer-aided Geometric Design & Simulation
- Computational Mechanics

ROBOTICS :

- Kinematics and dynamics analysis
- Human-Robot Interaction
- Healthcare robotics
- Force sensors, accelerometers, and other measuring devices

KEYNOTE SPEAKERS

Xie Ming

Nanyang Technological University, Singapore

Anand Krishna Asundi

Nanyang Technological University, Singapore

Tetsuya Akagi

Okayama University of Science, Japan

REN Hongliang,

National University of Singapore, Singapore

PUBLICATION & SUBMISSION

PUBLICATION

ICMSR 2019 proceedings will be published in the International Conference Proceedings Series by **IEEE**, which will be indexed by **Ei Compendex** and **Scopus**.

SUBMISSION METHOD

1. Full Paper/Publication: Full paper submission is required before submission deadline if you request paper publication.
2. Abstract/Oral Presentation only: If publication is not needed, then please only submit abstract.

Easaychair system(PDF only) :

<https://easychair.org/conferences/?conf=icmsr2019>

Any questions about submission please contact:
icmsr@iact.net

IMPORTANT DATE

Paper Submission: December 30, 2018

Acceptance Notification: January 20, 2019

Author Registration: February 5, 2019
